

Dantea AI could lead to new relationships.

Dantea wishes you a happy end to 2024 and a peaceful new year 2025, enriching both personally and business-wise, as well as good moral and physical health.

I would like to take this opportunity to tell you about several developments that await us. I am talking more specifically about the Block Chain, the evolution of our society, and more particularly AI.

I invite you to discover the new relationships that the IV is preparing for us.
